Credit Unions

Orion understands and focuses on the important relationships that credit unions entrust to us. We guarantee that the bond between a credit union and its client is at the center of our Credit Union Program. We treat your customers like they were our customers.

In today's market, financial institutions continue to search for ways to drive more revenue and grow organically. Reliance on merchant services is increasingly important in helping retain and grow business client portfolios. With record numbers of new businesses opening every day, merchant services is an effective way to attract new business customers.

Whether you're looking for a basic referral partner or a full-service program, Orion has the solutions to attract and retain merchants. Partner with us and we will tailor a merchant services solution that is as unique as you and your business customers.

Credit Union Benefits

- People - We can help you grow your existing business relationships and expand your customer base by providing sales support and marketing resources so you can focus on what's most important - your customers.
- Partnerships - We'll assist you with the management of your payments and capture new revenue opportunities. Together we can provide "best-in-class" solutions to grow non-interest income and drive cross sales.
- Technology - With our integrated platform, we will reduce your costs and increase your profitability with sales and referral reporting.
- Financial - Guaranteed revenue with zero liability to the referring credit union.

Merchant Benefits

- Expertise - In today's competitive market, merchants will benefit from our excellent track record of developing convenient, efficient, and affordable payment programs.
- Responsiveness - Stay ahead of the competition by providing turnkey payment solutions with credit, debit, and pre-paid programs.
- Support - Be available to your clients 24/7/365 with a dedicated toll-free customer service team that can provide ongoing consultation and education.
